About us

Shoots & Leaves has been a catering partner with The Victoria for over two years. We have catered some amazing weddings and celebrations. This menu is designed to be delivered as a buffet with eco-friendly disposable cutlery, plates, napkins. Crockery hire and linen hire can be arranged by us to help take your celebration to the next level.

Our bespoke menus change regularly and in line with the seasons. We suggest menus that will work when delivered as a buffet. We always use the best quality free-range British meat, and aim to emphasise quality British produce.
