SALT was founded in 2018, and we're a craft beer brewery with a pretty simple vision – make great craft beer for everyone, and do it our way.

We combine heritage and modern brewing, we explore new ingredients and different styles, and we produce a lot of award winners along the way.

The SALT brand is about getting great beer into as many hands as possible, so we want to be accessible, approachable and make craft more of an open space.

SOFT DRINKS
