## PLACING YOUR DRINK'S PRE-ORDER

As you know, we operate on a minimum spend basis, which can be fully allocated between food and drinks, giving you complete flexibility to design your perfect event.

Rather than fixed packages, we offer a tailored experience where you can hand-pick your favourites from our food and drink menus.

For your drinks pre-order, we simply ask you to select your preferred options; no need to estimate quantities. Since drinks' consumption can vary across large groups, we will make sure there's plenty of stock available on the day to keep the celebration flowing smoothly!

You will be able to create your own bespoke drinks menu, which can include:

Champagne or sparkling wine

White wine

Red wine

Rosé wine

Up to 3 cocktails (depending on your guest count – see below)

1 mocktail

Beers & cider

Long drinks (served in 50ml measures by default)

Soft drinks (sodas & juices)

### **\*\*Cocktail Selection by Guest Count**

To ensure speed of service and the best experience for your guests, cocktail choices are based on your party size (at the time of booking)

Up to 50 guests: choose any 3 cocktails from our full list

50–100 guests: choose up to 2 cocktails from Section B

100–150 guests: choose 1 cocktail from Section B

Your chosen drinks will be printed and displayed as a custom menu at the bar during your event.

### **On the Event Day**

Throughout your event, our management team will keep you updated on the total spend. If you're approaching your minimum spend, you'll have the option to increase it to keep the good times going!

For example, if your minimum spend is £10,000 and your food pre-order comes to £3,000, the remaining £7,000 will go towards drinks based on your selected menu.

Prices are in GBP. 20% VAT included.
